Experience the Liquid Difference

Body Balance®

Over 121 Plant Source Vitamins,
Minerals, Enzymes, Essential Fatty Acids,
& Amino Acids

Body Balance is a liquid, ionic, daily, whole food antioxidant containing certified kosher and organic aloe vera, sea vegetables, black cherry & honey delivered in a cold processed liquid vegetative form that is readily absorbed.

Background

Body Balance was developed in the early 1980's by formulators who recognized the value of a convenient, comprehensive, liquid and whole food nutrition. They recognized the modern diet and busy lifestyle does not include and often does not allow for the USDA recommended 6-11 servings of whole grains and 5-9 servings of fresh fruits and vegetables each day. In addition, processed foods, colas, coffees, preservatives and other negative factors in today's diets and environment often lead to toxic build-up in our cells. Originally these supplements were available only through doctors and healthcare professionals produced, manufactured and distributed by "Doctor's Signature." In 1995, Life Force International (LFI) was created to bring their products to people worldwide. Customers' accolades, referrals and re-orders are the greatest compliment and direct referral marketing continues to drive LFI's success.

Why Most People Feel a Measurable Difference, Re-Order and Send Referrals

Highly Absorbable Liquid (vs. pills & capsules) - absorption begins in the mouth, great for even the most sensitive digestive systems.

Nutritionally Packed/Potent and Balanced - The two main ingredients are Organic Aloe Vera and Sea Vegetation which have been shown to contain a balanced comprehensive list of healing properties historically known to support optimal health. This includes: vitamins, minerals, essential amino acids, enzymes, essential fatty acids, and all 8 essential glyconutrients. Extremely potent and balanced.

Plant Source & Cold Processed - Harvested at the peak of nutritional freshness without heat processing ensures live enzymes and raw food value.

Convenient - With enzymes already present there is no need to take with food. It is food! Take once a day even on an empty stomach.

Pleasant Flavor - A black cherry flavored juice palatable even to the most finicky taste buds. Many children even enjoy it!

Results - Most notice a measurable difference within 30 days.

Evaluation, Expectations & Experiences

A minimum 30 day evaluation is recommended. Most customers report noticing a difference within 30 days. Our wellness philosophy is: "When the body gets what it needs, it then has the opportunity to address its health challenges." Each person is unique, and each person's body responds to nutritional supplements differently and to varying degrees. Some customers report profound results. Many noticing "The Liquid Difference" within two weeks. Many of our customers report the following:

General

- Increase in energy - loss of the afternoon lull, waking more awake, more evening energy
- Feeling of health and vitality
- Improved mental clarity
- Leveling of emotions
- Reduction in stress levels - feeling calmer
- Improved sleep conditions
- Resistance to infections - less colds & shorter durations when they do occur

Topical

- Improved skin condition
- Increased hair & nail growth

Women

- Improvements in monthly cycles
- More tolerance and balance during hormonal challenges

Metabolic

- Changes in appetite - reduced cravings for unhealthy foods
- Regulation of the bowels
